

16

78. A computer-aided learning system as recited in claim 76 wherein the guidance depends on the user's strength in the subject.

17

79. A computer-aided learning system as recited in claim 76 wherein the system is configured to allow the user to cut materials on the subject the user has received, and paste the materials in the notepad.

18

80. A computer-aided learning system as recited in claim 76 wherein the system is configured to allow the user to link the notes taken to the subject's materials that the user is working on.

19

81. A computer-aided group-learning system as recited in claim 80 wherein the link is from an area in the notes to a point in the materials.

82.

A computer-aided learning method comprising the steps of:
allocating an area for a user to take notes while working on a subject; and
monitoring the user's inputs to guide the user to take notes on the subject so as to help the user learn the subject;
wherein the guidance is related to the subject.
